Why Roll with the Compact Quad® Plus Dispenser?

Waste Reduction*

Patented roll lock mechanism helps reduce stub roll waste. Coreless refills enable nearly 100% paper usage when combined with the roll lock mechanism.

Efficient Reloading

Only empty roll holders automatically drop down when opened; simply slide refills on and close.

Hygienic

Sliding doors help protect rolls not in use and will not slide over until the existing roll is fully used.

Handicap Compatibility**

Dispenser push lock located at front of the dispenser for easy access when installed beneath a grab bar.
